COMMUNITY NOTICE

TRURO STREET, LUTWYCHE

NIGHT WORKS

Date of issue 28 October 08
Ref 0093

From November 2008, changed traffic conditions will occur on Truro Street for construction of the Airport Link and Northern Busway (Windsor to Kedron).

Brisbane City Council has approved traffic works to take place between **6.30pm and midnight on Thursday 30 and Friday 31 October 2008.**

Work activities will include:

- Surveying
- Removal of some existing line marking
- Removal of existing T3 transit lane signs
- Installation of new line marking
- Street sweeping.

What to expect:

- Personnel preparing to commence works from 6pm
- Construction noise (Friday 31 October only)
- Temporary lane closures under traffic control
- Construction vehicle movements
- Access will be maintained to all properties, local streets and pedestrian paths.

CHANGED TRAFFIC CONDITIONS EFFECTIVE 1 NOVEMBER 2008

Changed traffic conditions will be in place for the duration of the project from early November 2008.

The two existing southbound lanes of traffic on Lutwyche Road from Chalk Street will be continued 150 metres south on Truro Street between Stoneleigh Street and Annie Street.

To ensure traffic flow is maintained, the T3 transit lane commencing at Stoneleigh Street will be moved to commence 100 metres south of the Albion Road intersection, Windsor. As a result of this relocation, all vehicles will be able to use the left lane between Stoneleigh Street and Albion Road.

The bus stop located near the corner of Annie Street and Roblane Street will remain and continue to operate its existing services. Advice of any changes to this bus stop or services will be provided in advance should they be required.

These changed traffic conditions will be clearly marked for motorists travelling southbound on Truro Street and will be in place for the duration of the project (mid 2012). Upon the projects' completion, Truro Street will form part of the Northern Busway with provision for local traffic accessing Stoneleigh, Ada, Annie and Fosbery Streets, Windsor.
