KEDRON Night Works

On Monday 8 February 2010, night works will commence in preparation for the southbound realignment of Lutwyche Road to include Kedron Park Road. Day work will occur from 6.30am to 6.30pm Monday to Saturday and night work will be undertaken from 8pm to 5am Sunday to Thursday. It is anticipated that the work will be completed in early March, weather permitting.

This work will involve service relocations, pavement investigation (*testing for thickness and structural strength of pavement*), asphaltting, relocation of traffic lights, installation of street lighting and line marking.

It is anticipated southbound traffic will travel on the new alignment by the end of February 2010.

Night work activities will include

- Saw-cutting, potholing and possible jack-hammering
- Removal of excavated material
- Operation of a bobcat, compactor and excavator
- Line-marking
- Asphalt and pavement works
- Installation of traffic signals and street lighting

What to expect

- Single lane closure managed with traffic control
- Construction vehicle movements
- Construction noise from excavation and removal of material
- Construction noise from equipment including excavator, roller, concrete trucks, saw cutting and barrier relocation
- Construction vehicle movements, asphaltting and line marking equipment
- Lighting from temporary lighting towers and construction vehicles
