

TRAFFIC UPDATE – LUTWYCHE

From late June/early July 2009, Bradshaw St, east of Lutwyche Rd will close permanently to traffic for construction and operation of the Lutwyche Busway Station. Temporary traffic diversions, reduced speeds and barriers will also be in place on Lutwyche Rd, Lutwyche as part of the Airport Link and Northern Busway project.

LATE JUNE/EARLY JULY 2009

- > Diversion and operation of two northbound traffic lanes between Bradshaw St and Isedale St
- > Temporary removal of the left turn from Bradshaw St to northbound Lutwyche Rd
- > Temporary additional right turn lane from Bradshaw St west to Lutwyche Rd (southbound)

MID JULY 2009

- > Diversion of northbound traffic between Isedale St and Kedron Park Rd
- > Diversion of southbound traffic between Kedron Park Rd and Colton Ave
- > Temporary relocation of the Lutwyche Rd and Kedron Park Rd intersection

FOOTPATHS AND BUS STOPS

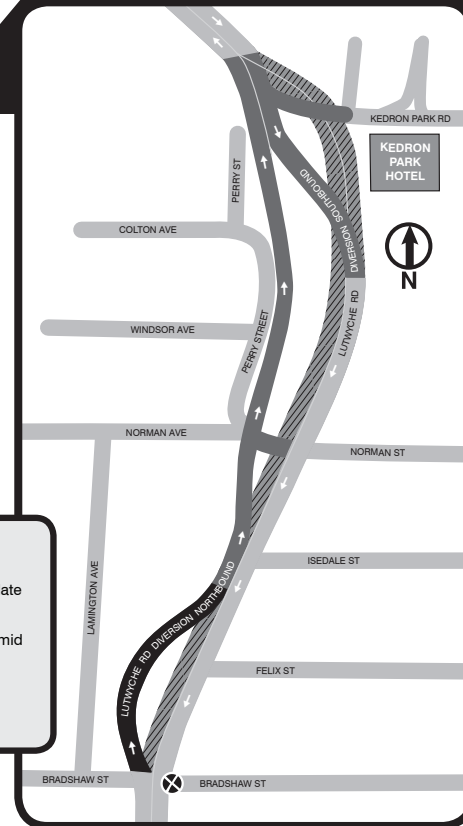

Pedestrian access on Lutwyche Rd is via the eastern footpath accessible at signalised crossings at Chalk St, Norman Ave and Kedron Park Rd.

Bus stop 22 – Norman St (northbound) is relocated 30m south of the Norman Ave / St intersection.

Bus stop 21 – Felix St (northbound) is closed. Services are available from Bus stop 22 – Norman St.

Traffic signage and management will direct motorists and pedestrians accordingly.

These changes may be postponed due to unforeseen circumstances.
