

## ASX Release

---

15 December 2011

### Change of TJH Board Representative

BrisConnections Management Company Limited (**BCMCL**) as responsible entity of BrisConnections Investment Trust and BrisConnections Holding Trust (collectively, the BrisConnections Unit Trusts - ASX Code: BCS) advises of changes to the Thiess John Holland representative on the Board of BCMCL.

Mr Mark Snape, the Thiess John Holland ("TJH") representative (pursuant to the Deferred Equity Commitment Deed) on BCMCL since 2008 has retired and will be replaced by Mr Mark Lynch. Mr Lynch has been Mr Snape's alternate since November 2008.

Mr Trevor Rowe AO, Chairman of BCMCL said "The Board would like to thank Mr Snape for his extensive contributions to the Board and to the substantial progress made to commencement of operations of this revolutionary piece of infrastructure. As a result of Mark retiring from John Holland Group Pty Ltd, he is stepping down as the TJH representative. The Board wishes him well in his future endeavours."

### About BrisConnections

BrisConnections has been awarded a 45 year concession from 2008 to design, construct, operate, maintain and finance the Airport Link tollroad in Brisbane. Airport Link is a 6.7 kilometre multi-lane electronic free-flow tollroad with dual 5.7 kilometre tunnels. Upon completion, Airport Link will operate as a multi-destinational road connecting Brisbane's northern suburbs with Brisbane's CBD and Brisbane Airport, the CLEM7 Tunnel and the Inner City Bypass. It will also serve as a key distribution road, connecting some of Brisbane's major destinations such as Brisbane Airport, the CBD, Royal Brisbane Hospital, Australia TradeCoast and Chermside Shopping Centre.

Airport Link is being constructed using a world class, innovative design solution, with connections avoiding intersection delays and streamlining traffic flows. Lane configuration will provide for separate traffic movements, with early decision points, to minimise traffic weaving and merging.

Airport Link is being built around an electronic free-flow tolling design. Electronic free-flow tolling is mandatory across all Queensland tollroads and Airport Link tags will be fully interoperable with other Queensland and Australian tollroads.

BrisConnections is also designing and constructing a portion of the Northern Busway between Windsor and Kedron and an upgrade of the East-West Arterial / Airport Drive / Gateway Motorway interchange at Brisbane Airport, both of which are funded by the Queensland Government. BrisConnections will not receive any revenue from these projects and they will both be handed over to the Queensland Government upon commissioning.

An investment in BrisConnections Unit Trusts comprises a stapled security made up of one unit in BrisConnections Investment Trust and one unit in BrisConnections Holding Trust. Stapled securities in BrisConnections are listed on the Australian Stock Exchange under the code "BCS". There are many factors that may affect the results of an investment in BCS which are outside the control of the Directors of the Responsible Entity or may not be capable of being foreseen or accurately predicted.
