Night Work: East West Arterial Road and Noise Barrier Maintenance

From Wednesday 18 January 2012 between 8pm and 5am, TJH will carry out work on the East West Arterial west bound road barrier, closest to Wongara Street.

This work is to install additional bracketing bolts. It will progress west from the Widdop Street bridge between 8pm and 5am. Subject to unforeseen circumstances it is anticipated that work will progress approximately 80m each night.

In addition, further maintenance work will be carried out on the noise barrier at the Wongara Street.

Due to the required lane closures this work will be completed as special circumstances work.

Activities will include:

- Drilling of bolts into concrete
- Operation of generators and lighting towers

What to expect:

- Noise from drilling into concrete and operation of an Elevated Work Platform
- Construction noise from reverse alarms, generators, delivery of materials and use of hand tools
- Flashing lights
- Lane closures managed with traffic control

For further information

If you would like further information or are concerned about noise impacts during this work please contact the Community Relations Team (Anthea or Ylana) on 1800 721 783 (24hr Community Hotline).
