AIRPORT ROUNDABOUT UPGRADE

UPDATE: Day and Night Works

Completion and maintenance activities for the Airport Roundabout Upgrade Project will take place as day and night works throughout February and March 2012.

Temporary single lane closures along the east and westbound carriageways of the Airport Flyover will be in place until Saturday, 31 March. These closures are to facilitate the installation of feature lighting and to undertake maintenance works. These activities will take place as day and night works.

Landscaping activities, including laying of turf and spraying of grass seeds, will take place at various locations across the project alignment. Work will generally occur between 6.30am and 6.30pm, Monday to Saturday; however, to minimise impacts to traffic, some of these activities will be carried out at night and on Sundays, weather permitting.

Throughout these works traffic controllers, signage and message boards will be in place to direct motorists as required.

Activities will include:

- Installation of feature lighting
- Landscaping
- Concreting
- Asphaltting

What to expect:

- Construction noise from equipment, reversing alarms, operation of a drilling rig, saw cutting and hammering where required
- Delivery of equipment and materials, including barriers, road base and concrete
- Excavation, loading and removal of excavated materials
- Construction vehicle movements
- Flashing lights and temporary construction lighting, including use of generators
- Vibration compaction
- Traffic diversions, stoppages, closures and detours managed with traffic control, as required

Keeping you informed:

If you would like more information about this, or any other work being undertaken as part of the Airport Link Project, please contact the Community Relations Team on the 24-hour Community Hotline 1800 721 783, freecall, or visit our website www.brisconnections.com.au

SMS notification:

Thiess John Holland operates a SMS distribution list that keeps users informed of upcoming works and road closures in the area. A message can be sent to your mobile phone. If you would like to register for the SMS service, please call the community hotline or e-mail contactus@tjh.com.au

Lane Closures - Airport Flyover
Temporary single lane closures along the east and west bound carriageways of the Airport Flyover will be in place throughout February and March 2012.
When travelling through this area, please allow sufficient time to take account of possible traffic delays during peak travel periods.
