ASX Release

1 December 2010

Appointment of Director

BrisConnections Management Company Limited (**BCMCL**) as responsible entity of BrisConnections Investment Trust and BrisConnections Holding Trust (collectively, the BrisConnections Unit Trusts - ASX Code: BCS) is pleased to announce the appointment of Ms Andrea Harcourt as a non-executive director.

Ms Harcourt is an experienced global marketing director, having led multi-disciplinary sales and marketing teams for publicly-listed and private companies across Australia, Asia and the United States.

Chairman of BrisConnections, Mr Trevor Rowe AM DUniv said "We are delighted to have secured an experienced marketing professional such as Andrea. Her experience and expertise will be a valuable contribution for the ongoing development and commencement of operations of this transformational infrastructure project".

### About BrisConnections

BrisConnections has been awarded a 45 year concession to design, construct, operate, maintain and finance the Airport Link tollroad in Brisbane. Airport Link is a 6.7 kilometre multi-lane electronic free-flow tollroad with dual 5.7 kilometre tunnels. Upon completion, Airport Link will operate as a multi-destinational road connecting Brisbane's northern suburbs with Brisbane's CBD and Brisbane Airport, the CLEM7 Tunnel and the Inner City Bypass. It will also serve as a key distribution road, connecting some of Brisbane's major destinations such as Brisbane Airport, the CBD, Royal Brisbane Hospital, Australia TradeCoast and Chermside Shopping Centre.

Airport Link is being constructed using a world class, innovative design solution, with connections avoiding intersection delays and streamlining traffic flows. Lane configuration will provide for separate traffic movements, with early decision points, to minimise traffic weaving and merging.

Airport Link is being built around an electronic free-flow tolling design. Electronic free-flow tolling is mandatory across all Queensland tollroads and Airport Link tags will be fully interoperable with other Queensland and Australian tollroads.

BrisConnections is also designing and constructing a portion of the Northern Busway between Windsor and Kedron and an upgrade of the East-West Arterial / Airport Drive / Gateway Motorway interchange at Brisbane Airport, both of which are funded by the Queensland Government. BrisConnections will not receive any revenue from these projects and they will both be handed over to the Queensland Government upon commissioning.

An investment in BrisConnections Unit Trusts comprises a stapled security made up of one unit in BrisConnections Investment Trust and one unit in BrisConnections Holding Trust. Stapled securities in BrisConnections are listed on the Australian Stock Exchange under the code "BCS". There are many factors that may affect the results of an investment in BCS which are outside the control of the Directors of the Responsible Entity or may not be capable of being foreseen or accurately predicted.
