 **airportlink**
northernbusway
windsor to kedron
airport roundabout upgrade

Another important milestone will be achieved for the Airport Link project on Sunday, with the opening of the new bridge connecting traffic to the Clem 7 tunnel. The bridge links traffic from Lutwyche Road north and southbound to the Clem 7.

This Clem 7 Connection is the third of 12 traffic bridges constructed by Thiess John Holland to open to traffic for the Airport Link and Northern Busway (Windsor to Kedron) projects at Bowen Hills. To facilitate the opening of the Clem 7 connection, the following temporary traffic changes are required:

- **Clem 7 tunnels closed from 8pm Saturday**
- **Clem 7 northbound tunnel reopen 8am Sunday**
- **Clem 7 southbound on-ramps from the ICB reopen 8am Sunday**
- **Clem 7 southbound via the new bridge from Lutwyche Road open 4pm Sunday**

Traffic management and signage will direct motorists and pedestrians accordingly. Please be advised that delays on Lutwyche and Bowen Bridge Roads during this time are anticipated. These changes may be postponed due to unforeseen circumstances.

Please drive safely during these important works.
