Lutwyche/Windsor CHANGED TRAFFIC CONDITIONS

From Monday, 23 May 2011 the u-turn at the southern end of Truro Street will be permanently closed as part of the final design for the Northern Busway project. (See map overleaf) Ongoing night works will be required between 8pm and 5am to implement these changes until Tuesday, 31 May, weather permitting.

These 'Special Circumstances' works must be undertaken at night to minimise disruption to traffic on Albion and Lutwyche Roads during peak travel times. Traffic management and signage will direct motorists and pedestrians accordingly.

At the completion of these works Truro Street will be reduced to one lane only and Lutwyche Road will allow for two lanes heading southbound.

Activities will include:

- Asphaltting
- Saw cutting and hammering
- Excavation
- Installation of traffic signals
- Installation of kerbing

What to expect:

- Construction vehicle movements
- Temporary lighting, including generators
- Flashing vehicle lights
- Lane closures under traffic control
- Construction noise

What will we do to minimise the impacts:

- Minimise the need for machinery to reverse
- Staging of work to enable noisier activities to be undertaken earlier in the evening, where possible

Want More Information?

If you have any questions or concerns about this work, please contact the Lutwyche/Windsor Community Relations Team on 1800 721 783.
